Catalan: Advanced

SOFT SKILLS

- 25 years of professional freelance experience
- Technical curiosity and rigor
- Self-taught mindset with continuous learning
- Creativity and innovation
- Teamwork and project management
- Precision and strong attention to detail
- Time management and strict adherence to deadlines
- Strong self-discipline developed through over 20 years of martial arts practice

AREAS OF INTEREST

AURELIE RAOUT

Front-End Developer

Strong focus on UX/UI and accessibility.
After a career transition from 25 years as a freelance sound engineer, I bring technical rigor, creativity, and solid project experience to building high-performance, user-centered interfaces.
Hands-on projects in React, JavaScript, and web integration. Strong learning ability and fast adaptability to complex environments.

TECHNICAL SKILLS

Front-End:
HTML5, CSS3, JavaScript (ES6+), React, Typescript, Next.js, Tailwind, Bootstrap
Tools:
Git, GitHub, VS Code, Figma
Expertise:
- Development of modern, responsive web interfaces
- Pixel-perfect implementation
- UX/UI best practices and accessibility

Back-End Fundamentals & APIs:
Node.js (basic knowledge), Ruby / Ruby on Rails (basic knowledge), SQL: PostgreSQL, SQLite, REST API integration

MAIN PROJECTS

TrackScout – React Web Application (2026)
- Built an application to search and filter music tracks via API
- Implementation of dynamic interfaces and real-time filtering
- Component architecture and state management
- Stack : React, JavaScript, Tailwind

View on Github *Live Demo*

INTIP - Client Website (Fire Safety) (2025)
- Full UX/UI design and end-to-end website development
- Clear, conversion-oriented structure
- Accessibility and performance optimization
- Stack : HTML, CSS

www.intip.fr

Sportpresso - JavaScript Application (2026)
- Development of an application with dynamic filtering logic
- API integration and real-time user interaction
- Stack : JavaScript, HTML, CSS

View on Github *Live Demo*

OTHER PROJECTS

SuperHeroes & Co - React / Next.js / TypeScript
Mon Nain de Jardin - Next.js e-commerce
Botanik - React e-commerce
Green Path - JavaScript + API
Speech to Text - Web Speech API
ToDo List - JavaScript
Karate Club - HTML / CSS
